

# Capital Campaign *Light*

First Baptist Church, Tallassee  
Campaign 3, Issue 2

## Seven Foundations of Capital Campaign Light

1. Reduced levels of giving by those who have already been giving sacrificially
2. Sacrificial giving by those who have yet to participate
3. Giving offerings over and above the tithe
4. Proportionate giving, not equal amounts
5. Giving at God's specific leading
6. The cumulative effect of consistent weekly giving—over 3 years weekly giving adds up
7. Bundling Missions with Debt Reduction

### What Capital Campaign Light Could Do for Debt Reduction: One Example...

If we were to pledge a total of \$333,333, that would mean \$250,000 for debt reduction over three years. At the current rates, this would be equivalent to almost 18 extra payments for both the Phase I and Phase II loans—six extra payments for each loan each year—freeing money for ministry and adding much-needed staff.

### Thinking Through and Praying Through the Amount You Should Give

No one is being asked to make a commitment to *Capital Campaign Light (CCL)* from emotional impulse. Instead, you are encouraged to deliberately think through and pray through the amount you should give. We want you to give as the Lord leads you, but not manipulate you. As part of that process, you may wish to check the chart below to see what 33% and 40% of your GBF gifts would be — and what it would mean to missions and debt reduction. This is a good place to start.

What Giving 33 to 40% of What You Now Give to GBF Will Do To Pay Down Debt & Support Missions
